

Fellowship in Arthroplasty & Orthopaedic Trauma

About Us

DocTutorials, established in 2020, has been at the forefront of advancing **medical education and clinical training** in India. Committed to **affordable, high-quality learning**, DocTutorials bridges the gap between academic achievement and real-world medical practice.

Our **Fellowship Programs** are crafted exclusively for **Post-MD and Post-MS** doctors, offering direct **hospital-based exposure** in reputed institutions across India. Under the mentorship of **leading specialists**, fellows gain **hands-on experience**, participate in **clinical decision-making**, and engage in **advanced procedures** within their chosen super-speciality.

Through these structured, competency-based programs, DocTutorials continues its mission to nurture the next generation of **skilled, confident, and practice-ready clinicians** who uphold excellence in patient care.

Our Mission & Vision

Empowering doctors. Elevating healthcare.

Our Mission

DocTutorials aims to empower doctors with advanced clinical skills, procedural expertise, and sound ethical judgment, enabling them to deliver excellence in patient care. Through accessible and impactful super-speciality training, we strive to make high-quality healthcare a reality across every region of the country.

Our Vision

To create a new generation of clinically competent, compassionate, and confident specialists by bridging the gap between medical education and real-world practice – transforming India's healthcare landscape through skill-based, hands-on training and lifelong learning.

About KD Hospital Ahmedabad

DocTutorials collaborates with KD Hospital (Kusum Dhirajlal Hospital), Ahmedabad, a leading multi and super-speciality healthcare institution located at the prime Vaishnodevi Circle on SG Highway. Known for its **state-of-the-art infrastructure and compassionate, ethical care**, KD Hospital combines advanced diagnostics and therapeutics with a patient-centric approach.

With expertise spanning a broad range of medical and surgical disciplines, the hospital offers comprehensive services in **Gastroenterology, Gastrointestinal Surgery, Cardiac and Neurological Care, Trauma, and Critical Care Management.**

Fellows training at KD Hospital gain exposure to **cutting-edge procedures, emergency management, and multi-disciplinary teamwork**, preparing them to deliver high-quality, ethical, and affordable healthcare in real-world clinical environments

Fellowship in Arthroplasty & Orthopaedic Trauma

Fellowship in Arthroplasty & Orthopaedic Trauma provides comprehensive training in primary and revision arthroplasty, focusing on hip, knee, and shoulder surgeries, with an emphasis on complications and rehabilitation. The program also covers advanced trauma care, including complex trauma, revision surgeries, and cutting-edge techniques such as robotics and 3D printing. Additional focus is given to spine care, arthroscopic interventions, paediatric deformities, and non-traumatic conditions in orthopaedics.

Course Curriculum

- **Arthroplasty:** Hip, Knee, Shoulder (Primary + Revision), Complications, Rehabilitation.
- **General Orthopaedics & Trauma:** Upper & Lower Limb, Spine, Paediatric Trauma, Revision Trauma.
- **Advanced Orthopaedics:** Complex Trauma, Revision Arthroplasty, Robotics, and 3D Printing.
- **Spine & Arthroscopy:** Basics of Spine Care, Arthroscopic Interventions.
- **Cold & Paediatric Orthopaedics:** Paediatric Deformities, Non-Traumatic Conditions.
