LETTER FROM MD

Dear Patrons,

Warm Greetings,

As we celebrate the inaugural anniversary of our hospital, I can see our vision being realized and how we have been moving consistently towards our mission of making healthcare accessible through state-of-the-art facilities in an affordable, safe, and professional manner. The inspiration for this tertiary care hospital is precisely to translate into reality the expectations of the middle class and the lower middle class group of people to have an affordable access to genuine, quality-based healthcare facilities in a mode and manner which is within their financial reach.

By providing health check-up packages at discounted prices, conducting various health awareness talks and health screening campaigns, throughout Gujarat and Rajasthan, we have tried to create awareness in people related to their health so that they can get timely cure and care. Various CMEs have been conducted by our super specialists in the hospital and outside to keep other doctors updated with the latest developments in healthcare and equip them with knowledge about the services available at our hospital. Apart from this we have achieved new milestones in the year and expanded our scope of services to more than 45 super-specialities. All this has been possible due to the continuous efforts and support of our team, the KD Family - our Board of Trustees, Management, Doctors, Nurses, Staff, Vendors, and Patients.

“We are not a team because we work together.
We are a team because we respect, trust, and care for each other.”

Our core values of Teamwork, Integrity, Responsibility, Compassion, and Ethics are imbibed deeply in each and every member of the KD Family. We have tried to excel both in clinical and academics through the various CMEs conducted inside and outside the hospital. Our team has been working with great fervour and ownership, giving me a feeling that we are moving in the right direction towards serving people. Together we have proved that:

“When ‘I’ is replaced by ‘We’, even Illness becomes Wellness.”

I take this opportunity to thank every member of our team who worked together to divide the tasks and multiply the success through this anniversary edition and anticipate your ongoing support in future as well.

Dr Adit Desai

LETTER FROM THE COO

Warm Greetings to all members of KD Family !!

An anniversary is an opportunity to recollect and cherish the memories of the year gone by as well as to plan the goals for the upcoming year. It doesn't matter where we go in life, what matters the most is who stays besides us all the way. So, on this occasion I thank the entire KD team for holding on strongly and working together to make a successful year and hope that this team spirit will stay imbibed for the upcoming years as well.

"No one can whistle a symphony. It takes a whole orchestra to play it."

– H.E. Luccock

We are celebrating this special occasion because of the compassion, integrity, responsibility exhibited by our team. Our belief in ethical practices makes our hospital outshine other hospitals. Apart from this the incredible assortment of dedicated, loyal, and trustworthy team with a zeal of working hard as a team has played great role in making this day possible.

"Individually we are one drop, Together we are an Ocean."

As we celebrate our happy and best memories along with the new relationships and well-deserved reputation we have built as an organization, it is the right occasion to commemorate the exciting changes and up-gradations that the organization has undergone, making it stronger and efficient than ever before in terms of operations and patient care.

"The ratio of We's to I's is the best indicator of the development of a team."

– Lewis B. Ergen

Providing best patient care has always been our priority which is evident from the different testimonials and appreciations given by them. These words of encouragement inspire us to provide still better services as we grow, expand, and tread our path uphill.

With our state-of-the-art facilities, world-class infrastructure, and incredible team, we look forward to many more upcoming milestones and amazing years that will build strong professional relationships even further and take the organization to greater heights.

A handwritten signature in black ink, appearing to read 'Parth Desai'.

Dr Parth Desai

LETTER FROM ACADEMIC DIRECTOR

My Dearest members of KD Family,

As we dawn into the second year of KD Hospital, let us stop and review what a wonderful year it has been for us - both at individual and at an organizational level. The efforts put in by you (led by our heartfelt vision & mission), Doctors (inspired by our values), patients and their families have made the first year of KD Hospital a monumental year.

I am not going to burden you with the details of the achievements made in our first year, as I know we all bask in the glories of our successes and reminisce them every single day. However, the future is bound to bring its unique challenges and henceforth tonnes of OPPORTUNITIES to improve and consolidate. As I take on this journey, let me share with you the five-factors/ principles/ challenges that will help guide us in the progressive direction of accomplishing the desired results.

1. First, we must strengthen our patient experience and outcomes portfolio by providing heartfelt empathetic care & robust treatment solutions.
2. The second guiding factor is the consolidation & maturing of our organizational structure & staffing base.
3. Third, we will be focusing very heavily on Innovation and Out-of-the box thinking, and hence everyone would have ample opportunity to suggest innovative approaches to disrupt delivery of conventional healthcare models.
4. The fourth guiding factor is the need to realize the opportunities available in healthcare & therefore of our potential growth.
5. The fifth guiding factor is the need to expedite the fortification and augmentation of our hospital's operational efficiencies and synergies.

The above guiding principles will help us establish and reinforce our position as one of the best healthcare provider platforms in not just Ahmedabad, but nationally. Our wonderful work atmosphere (the wonderful atmosphere is a result of wonderful people like you) will be a key enabler in us embarking on this challenging yet rewarding journey together.

I look forward to working with each and everyone of you over the course of next many years to enable the fruition of the vision of being.

A handwritten signature in black ink that reads "Anuja Desai". The signature is written in a cursive, flowing style.

Dr Anuja Desai

MAIDEN YEAR OF IMPACT AND CONSEQUENCE

Every creativity is a definite manifestation of a silent reverberation which goes endlessly in one's mind as an inspiring focus which is keen to get translated into a reality. It was one such experience deeply embedded in my mind which as a part of my genuine quest got translated into a living reality in the form of KD Hospital a year back.

As a young child belonging to a very humble background, I saw my father struggling for a small little treatment for a very innocuous ailment in a corporation hospital in Bombay with great difficulty and hassles beyond description. This observed experience was so deeply embedded in my mind and it always haunted me that poverty is the biggest bane which makes an individual struggle even for the barest of the bare necessities of life for the most mundane survival.

This harboured sense of mine over a period of time made me realize that leave aside poorest of the poor but even for that matter middle income and lower middle income group of the society also cannot imagine of affording quality healthcare facilities for want of required financial resources. Their suffocation is huge and substantial that they cannot even in their wildest dreams claim access to quality based healthcare services, leave aside in a tertiary care hospital but even in a reasonable secondary care hospital as well.

It is precisely to translate into reality the expectations of the middle class and the lower middle class group of people to have an affordable access to genuinely quality based healthcare facilities that KD Hospital came to be created, so that the required facilities are open and available to them in a mode and manner which is within their financial reach and thereby turns out to be a huge and meaningful solace to them in its own way.

It is equally significant and vital that the expectations of quality healthcare facilities are not just limited to the cardinal trinity of 'accessibility, availability and affordability' alone, but it goes beyond. The need is that the healthcare has to be deeply embedded in the essence of sense of 'concern which emanates out of 'compassion'.

One of the significant features that has been entrenched deep in the entire functioning of the KD Hospital in terms of its extendable services is that they are rendered by men and women of competence totally enriched by confidence, but more than that, they are extended by all concerned with a deep rooted sense of concern and compassion in unison which makes humane impact on the well-being of the targeted beneficiaries. This has been invoked as a work ethos under the rubric of work culture of the hospital and turns out to be its distinct feature catering to the satiety of all the beneficiaries in a loud and speaking manner.

Yet another aspect which has been diligently taken note of is the growing and widening gulf between the Doctor and the Patient. It is a known fact that the doctor who was viewed and placed by the society as 'Demi God' is no more a truthful reality, in as much as the credit, credence and respect that doctor was able to invoke for himself in the society has definitely waned substantially. The doctor-patient relationship of trust, understanding and faith stands repealed and is replaced by 'client-service provider relationship', which is more of monolithic in character and robotic in nature.

There is another concern largely prevalent in the society and it pertains to the crisis of credibility that plagues and haunts the doctor community as a whole in a big way. The nature of professional practice which is

polluted by the various questionable operational modalities in vogue have definitely dampened the image of the profession and the professionals alike in the public eye in a big way. The cannons of ethicality and morality along with adherence to value basis which is the core essence of the medical practice in the eyes of the society and people at large itself stands jolted from its roots. The patient views his treating doctor with suspicion feeling that he would be a victim of unethical approach and immoral breach by his treating doctor, which by all yardsticks is tragic and unfortunate. The net result is that society in general and patients in particular are losing faith in their physicians construing them as an epitome of 'greed and a blind victim of unilateral aggrandisement'.

It has been a conscious effort on part of the all concerned in the hospital to ensure that the services that are rendered to the targeted beneficiaries are totally ethical in nature and moral in character. They are carried out in a manner which are not only soothing, relieving and catering in nature but also go a long way in building confidence in them ensuring strengthening of their trust and faith in their treating physician or surgeon as the case may be. The modality of work invocation is such that it is not just that the extension of services are ethical and moral in the perception of those who are dispensing but are taken to be so by the beneficiaries as well in the same parlance where it is said that 'justice should not just be done but it should also appear to have been done'. This has really augmented the bond of credibility and credence in a big way paving a sense of optimism for the restoration of the lost glory of the professionals back to them.

Any hand of care and cure is half-hearted as long as it is not blended with the classical 'healing touch', which soothes the heart and balms the mind of the man in pain and misery. It is on this very count it has been ensured that on each day the key managers of the hospital ensure that they visit each and every patient seeking and eliciting from them about their well-being and as to whether required services by all concerned are being extended to them or there is any shortcoming of any type. This has genuinely augured so well with all the inmates of the hospital that they feel that half of their problem is healed by the sense of concern and compassion through this modality of 'healing touch' is extended to them, which in their opinion is a rarest of the rarity.

It is a matter of proven fact that nothing succeeds like success. However success is not just an effort, initiative, hard work, devotion, dedication and single minded focus but also is the benevolence of the Almighty and bountiful good wishes of the prudent well wishers harbouring goodness and nobility. This one year in the life of KD Hospital with its commitment to "care with concern and compassion" stands filled to its brim on all these counts.

PLANT-A-THON

Let's plant a life..!

9 | AhmedabadMirror | THURSDAY, AUGUST 30, 2018

CONSUMER CONNECT INITIATIVE

Plant for a greener planet

Mother Nature needs some care to grow and spread greenery. With The Times of India Plantathon, presented by KD Hospital, Amdavadis got a chance to contribute by planting more and more trees

c-Debjani.Ghosh
@timesgroup.com

It is not just for you nor me, it's for all of us! Yes, planting trees isn't only for one's personal wellbeing, but for the nation as a whole. So grow more trees and protect your Mother Nature who nourishes you every time you breathe. TOI Plantathon, an initiative by The Times of India and presented by KD Hospital, Vaishnudev Circle, was being held from August 4-27 in areas like Jagatpur, Gota, Drive-in-road, Shela, ISRO road, Bodakdev, S G Highway, Thaltej, Makarba, Vandemataram, Chandlodiya, New Ranip, Vasna, Nirma circle, Shreyas Tekda, C G road, and Tragus, wherein Ahmedabad's schools, corporates, clubs, and societies, a total of 40 of them, had participated to plant saplings. Approximately 10,000 saplings were planted and distributed. There were also health checkups done by the doctors' team of KD Hospital. After all,

"Many people consider trees just as pieces of ornaments, but they really do so much more than that. So we should start considering them as a crucial part especially since they have a huge contribution for our good health. Everyone should come forward to help out by putting their share of efforts for planting more trees and making our Amdavad a 'healthier and happier city.'"

— Dr. Adit Desai, managing director, KD Hospital

tree plantation helps us to keep the ecological balance supplying oxygen.

As we had learnt in school that trees and green plants take in carbon dioxide that humans and other organisms produce, and give oxygen in return, without sufficient greenery, have you ever wondered how risky our lives would become? This is the reason why such initiatives like Plantathon is required because in today's times, deforestation is more than afforestation, and that is a serious cause of worry. Environmentalists and even doctors claim that, to live a healthier lifestyle, vibrant urban greenery is important, especially for cities. In fact, trees also

help to save a lot of energy; hence, planting trees and saplings is very much essential.

Trees and plants are not just required to breathe in fresh air, but also to give us shelter from the rain and sun. They are essential for fighting against toxic pollution levels. These and many more were a couple of reasons why TOI decided to organise Plantathon because they thought 'when we receive so much from them, why not give a little of it back?' Therefore, if people don't take such initiatives seriously, not far are those days when a large proportion of the living species on earth will extinguish.

"There is a dire need to plant trees for beautification, saving environment, breathing pure oxygen and ensuring good health of people. I feel that AMC must encourage the corporates area wise to take care of these and tree plantation in the city allowing them to ensure their brand publicity. While developing properties is also a need, the government should also put a condition in front of the builders to grow trees surrounding the area."

— John Geevargese, president, YMCA

"As Martin Luther King once said, 'For in the true nature of things, if we rightly consider, every green tree is far more glorious than if it were made of gold and silver.' Let us keep striving to make our planet earth much richer by expanding the greenery."

— Dr. Anuja Desai, Cornea & Refractive Surgeon Director (Academics), KD Hospital

"There are countless reasons as to why trees are important to us. In this era of urbanization and rapidly depleting forest cover, there is a dire need to make our cities greener. Trees not only provide clean air to breathe, but also have a huge impact on our climate. For every 10 per cent increase in urban tree canopy, ozone is reduced by three to seven per cent; hence, growing plants will create a positive impact and help in preventing the occurrence of skin cancer, asthma, hypertension, and other stress related illnesses. These are some of the main reasons for why need plantation activities."

— Dr. Manish Diwakar, orthopedic surgeon

"Heat waves are one of the world's most underestimated threats, killing people every year around the planet, and are mainly dangerous for the cities that tend to be much warmer than the surrounding less-developed areas. On top of that, the cities also tend to have higher levels of air pollution. In such situations, trees are good for our health. By absorbing pollution, they clean the air and help us avoid sickness. Growing more and more trees will help intercept and absorb air pollution from the atmosphere."

— Dr. Krunal Tamakuwala, cardiologist

CANCER AWARENESS SEMINAR

On the occasion of WORLD NO-TOBACCO DAY

9 AhmedabadMirror THURSDAY, JUNE 7, 2018

CONSUMER CONNECT INITIATIVE

c-debjani.ghosh
@timesgroup.com

Are you depressed? Had a stressful week? You have a lot of ways to get rid of all these, but DO NOT switch to smoking as that is not the remedy. Rather, it can only lead you to poor health followed by a lot of diseases like heart problems, weak lungs and throat infection, and the worst of them all, cancer. So, The Times of India and K D Hospital had presented a Cancer Awareness Seminar on June 1, 2018 (Friday) at H T Parekh Convention Centre, Ahmedabad Management Association.

Pan, gutka and tobacco have been officially banned in a lot of states and union territories, but this has indirectly helped the cigarette manufacturers and consumers for people have the option of smoking, only failing to realise how equally harmful it is. While smoking, the heart rate and blood pressure remains abnormally high. Also, it increases the chances of cancer. Hence, it has been proved that quitting smoke, be it in any form, can definitely lower the risk of getting and dying from cancer.

It is a myth that 'smokeless' tobacco isn't harmful because you will be surprised to know that it contains at least 28 cancer causing agents known as carcinogens. Dr. Deepak Chhatbar, an MD/DLO (ENT) at K D Hospital, said, "Early detection and prevention is the key remedy for cancer treatment! Pre cancerous lesions should be examined early and thus can be treated in an early stage. It is also found that oral

cancer is majorly caused through chewable tobacco. Government should take stern actions for banning the sale of tobacco items."

After a detailed survey, it has been found that there is an increase in the number of tobacco users amongst the teenagers of Ahmedabad. In overall Gujarat, according to the Global Youth Tobacco Survey data, 19.0 per cent youth are tobacco users. In fact, you also be surprised to know that even teens studying in various schools of Ahmedabad are found to be of the habit of smoking - either out of depression or peer pressure or sometimes even just for style! A seminar like this was mainly held to increase an awareness about the risk factors of smoking among youth as well as adults. The panelists also spoke about how every school curriculum must include knowledge sessions that talk about the harmful effects of tobacco on health.

One of the leading causes of cancer is found to be due to the consumption of tobacco because its intake can damage your DNA which may make cells grow indifferently from how they are supposed to. Dr. Abhishek Kakroo, the Medical Oncologist at K D Hospital, said,

"Irrespective of what form of tobacco it is, that is cigarettes, gutka or hookah, they contain a lot of

'I WILL QUIT SMOKING', THEY SAID

It's not always necessary to drink a bottle of poison to die. Tobacco and cigarettes can do the job as well. When you smoke, you inhale up to 4000 chemicals which can lead you to suffer from a life-taking disease like cancer

toxins from nicotine to carbon dioxide. Each one is equally harmful. Sadly, the number of tobacco consumers are increasing in overall Gujarat which is making the occurrence of oral cancer very high here. One of the main reasons, apart from smoking, is also the sedentary lifestyle and unhealthy habits that people are indulged into." Hence, the reason remains the same for other tobacco products as well. Quitting

tobacco and smoking may be hard for many people but there are a lot of methods via which one can stop the consumption.

In India and China, two of the countries having maximum population on earth, from a quarter to one third of all males are addicted to tobacco smoking by the time they complete their teenage and fall into adulthood. The truth is that though cancer is one of the major consequences of

tobacco consumption, several other diseases are often not brought into the limelight. Cancer is the only disease which is often talked about whenever we think about tobacco. Dr. Tushar Patel, the Consulting Pulmonologist at K D Hospital, said, "Diseases like COPD (chronic obstructive pulmonary disease), aggravation of asthma, lung cancer, tuberculosis and pneumonia are on an increase amongst people these days because of the consumption of tobacco. Mainly passing smoking is the reason behind the occurrence of these diseases amongst the youth."

People who smoke are two to four times more at a risk of getting a heart attack apart from of course falling a victim of cancer. Quitting this bad habit is the only way they can prevent themselves from these diseases. "Relatives and family members of the smokers or heart patients should encourage the latter to stop smoking. Awareness should be created among school going children about the hazardous effects of smoking on health. As an alternative, the smokers can opt for chewing gums, for they aren't harmful as they contain very less amount of nicotine. In fact, government has also come up with tablets costing around Rs.

8,000-10,000, and this is basically a four

month course treatment which can help one to quit smoking completely if followed as per doctor's prescription," shared Dr. Krunal Tamakuwala, an MBBS/MD/DM in Cardiology at K D Hospital. The best way to quit smoking is to just QUIT. Therefore, first of all learn what all are the factors that trigger you to smoke, try analyzing them and find a way to get rid of them.

When smoking, you do feel the harmful effects every time you cough or have a sore throat, but that doesn't stop you from inhaling the harmful ingredient. There is literally a whole list of reasons behind why a person smokes, and this was very well discussed at the seminar by the speakers. Some of them, that were mentioned, are that one smokes to show that he/she isn't laid back or afraid of tobacco, for fitting the crowd and prove that the person is at par with his/her friends, appearing sophisticated and 'cool', portray that the smoker is grownup and not a kid, assert

independence, etc. In short, smoking has a deep relation with psychology. Dr. Pooja Chahwala, the Consulting Psychiatrist at K D Hospital, concluded, "Smoking can badly affect one's mental health. It's almost like an addiction and associated with depression as well, but not in all cases. Basically, one must be very thoroughly aware of the harmful effects of smoking and tobacco. For that, get motivated and have the will power to quit them. In Ahmedabad, in every 10 people, at least 2 to 3 are smokers."

**He Will Be
Discharged
From Hospital
On Friday**

Times News Network

• **Ahmedabad:** Parents of 3.5-year-old Dhariya Patel, were shocked to notice their child had become unable to move the right side of his body or even speak. As soon as the child's father found that he is experiencing facial twitching, he rushed the child to a local nursing home in Kadl.

Little did they know that their child was suffering from stroke – a rare condition for a child of that age. It took prompt treatment at a city-based ED Hospital and a 56-minute complicated sur-

gery to treat Dhariya who is now is set to return home with complete recovery.

According to the team of doctors who treated Dhairy, strokes are common in patients aged above 60. In fact, Dhairy happened to be the youngest patient in Gujarat to be treated for stroke.

Explaining the condition, Dr Smeetal Patel, paediatric intensivist, KD Hospital said, "The hospital in Kadi where he was first taken referred the patient to our hospital. The child suffered right-sided hemiplegia and left sided facial palsy. We immediately performed an MRI scan and learnt there was a clot in one of the arteries of the child, due to which the blood supply to the left side of the brain was obstructed."

^aUsually the window no.

ried for a stroke patient is between 0 to 6 hours. Thankfully, the child was brought to our hospital within two hours. We immediately took the decision to perform a mechanical thrombectomy to open up the artery, which is a minimally invasive procedure.

Performing this procedure on a child is rare and there are complications involved. However, as the parents were convinced, we took a prompt decision. The procedure lasted for about 45-50 minutes," said Dr Hiran Patel, interventional neuroradiologist, KD Hospital.

"Immediately after the surgery, movement in the child's right limb was seen. His muscular strength and speech was restored over the next two days. As on date, the child is able to speak

and walk normally and even write using his right hand. He will be discharged on Friday," Dr. Hirsch added.

Dr. Prabhakar, a neurologist, said that the child, suffering from stroke, indeed came to him with the doctors as such cases are very rarely found. Doctors are still unable to ascertain the exact cause of stroke. "Hormonal and genetic factors are common triggers for stroke; however, the reports of the child were completely normal. We learnt that the child had been admitted due to a pneumonia infection, and upon examining his reports, we found presence of an atypical bacteria. However, a clear association is yet to be established," said Dr. Snehal Patel. Due to timely treatment, that high mortality and lifelong morbidity has been prevented for the three-year-old, she said.

साढ़े तीन वर्ष के बच्चे की ब्लॉक हुई दिमाग की रक्तवाहिनी खोली

गुजरात में पहला
मामला होने का दावा

अहमदाबाद, साढ़े तीन वर्ष के बच्चे की ब्लॉक हुई नस (रक्तवाहिनी) को चिकित्सक ने सफलतापूर्वक खोल दिया। इस तरह इतने छोटे बच्चे का यह गुजरता में पड़ल मामला होने का दावा किया गया है। दुनिया में ही इस तरह के लगभग पचास मामले ही सामने आए हैं।

शहर के सरखेज-गांधीनगर रोड स्थित केडी अस्पताल में पिछले दिनों साढ़े तीन वर्षीय बच्चे को लकवे की स्थिति में भर्ती करवाया गया था। बच्चे के आधे शरीर का हलन्-चलन रुका हुआ था। अस्पताल में की गई एमआरआई व अन्य जांचों में पत

चला कि दिमाग की रकत पहुँचने वाली चार नलिकाएँ में से (बाईं मध्य सेरेब्रल अर्टरी) बंद हो गई थी। रिकिसको के अनुसार उसके बाएँ बच्चों के माता-पिता को स्थिति और खल्ले से अवगत कराया गया। उनकी मंजूरी के बाद बच्चे के पैर की नस से होकर दिमागी नस के ब्लॉक को खोला गया। इसके कुछ ही देर बाद

बच्चा ठीक होने लगा। फिलाहाल बच्चा पूरी तरह से स्वास्थ्य बनाया गया है। दो दिन पहले की इस घटना के बाद मुम्बईवाres को उसे अस्पताल से छुट्टी दे दी गई। अस्पताल की बात विलोचन डॉ. स्नेहाल पटेल, न्यूरो फिजिशियन डॉ. प्रियांक शाह तथा इन्टरवैनेन्त न्यूरो रीडियोलॉजिस्ट डॉ. हरिन पटेल की संयुक्त टीम ने बच्चे का उपचार किया।

चिकित्सकों के अनुसार बच्चों में इस तरह की परेशानी और उनके उपचार की दृष्टि से देखा जाए तो अब तक लगभग 50 मरीज ही सामने आए हैं। गुजरात में यह पहला है। प्रति एक लाख में से 1.2 से 2.7 बच्चों को खेन स्ट्रोक होता है।

City hospital performs 25 bariatric surgeries in 16 hrs

Times News Network

Ahmedabad: Amina Bano (name changed), 60, weighed 163 kg and had difficulty moving around. When she went under the knife on May 6, for a gastric bypass, the doctors apprised her of the dangers as she was suffering from other medical complications including diabetes. "She told us that her life itself is at risk due to her weight and a surgery could possibly not add to it," said Dr Manish Khushnani, bariatric surgeon at KD Hospital on Thursday.

Dr Khalifa, along with a team of 30 doctors and supporting staff, performed 25 bariatric surgeries in 16 hours between 6 pm on May 6 and 10 am on May 7. The patients included 35 women and nine men. One of the patients weighed 380 kg on one end of the spectrum whereas a woman's weight was 96 kg on another. A total of 33 patients got KYGB surgery whereas 12 got gastric sleeve.

Dr Aditi Desai, managing director of KD Hospital, said that the surgeries were performed at a discounted rate to mark completion of the hospital's first year.

Dr Manish Khaitan (L) and Dr Adit Desai with one of the patients.

"Our aim was not to create a record but to mark the occasion with something special that can bring positive change to these patients' lives," he said. "It is high time we treat obesity as a disease. A number of patients' daily lives were affected by their bodies— one of the women could not stand up straight due to strain on her back whereas some of the men confessed that the surgery would give them another shot at earning a living," said Dr. Khalitani.

CONSULTANT EXPERIENCES

"It was a dream dreamt by many but made successful by one particular gentleman whose perseverance and dedication to make the project see light of day inspired many of us to work harder and instilled in us the faith and trust that this hospital is going to be an iconic institution where every patient receives the best of healthcare.

Today when we stand on the cusp of success on completion of one eventful year, I really feel proud and am really privileged to be a part of this hallowed institution. As they say,

"Coming together is beginning; Keeping together is progress; Working together is success."

But when the success is as sweet as this, I feel happy that this extraordinary institution has set new benchmarks in medicine and health care across the city of Ahmedabad as well as the state. The infrastructure and facilities including all departments of medicine are exceptional and state of the art. My heart swells with pride whenever I enter the hospital, not just because of the grandeur of the building but because of the happiness and satisfaction that I see in the eyes of the relatives and patients thronging the hospital.

"Success is no accident. It is perseverance, hard work, learning, studying, sacrifice
And most of all love for what you are doing. "

— Pele

When I look back and reminisce about the multiple brainstorming sessions and many painstaking hours that went into building this hospital, it gives me goose bumps literally. Such a wonderful amalgamation of doctors, paramedical personnel, administrative staff and all other personnel who have come together and selflessly served the patients, as if the hospital is their own and the patients being treated are their own brethren. The feeling of togetherness and unity as a family is really touching and heartwarming.

It is really a monumental task to maintain the hospital and provide all services including multispecialty healthcare and luxury hospitality at really affordable prices to all and special appreciation for the management to have maintained the same standards and rates throughout the past year. It really bodes well for the future too.

We as a team of doctors and management are really proud to have served so many patients in the past year and it really is an eye opener to note that almost all strata of society from the affluent and affordable to the downtrodden and ill affordable have taken benefit of the services at this hospital and have gone back a healthy and happy soul without any worries or complaints.

At the end, I really wish the very best of success and many more years of togetherness and happiness to all members of the family that KD Hospital has so painstakingly built and hope that we bring many more smiles to the people of our society and add that much needed spark in the lives of the downtrodden."

"People don't always need advice.
Sometimes all they need is a hand to hold,
an ear to listen, and a heart to understand them."

-Dr Mehul J. Shah, Orthopaedic Surgeon

"There has been no turning back for me since I have joined KD Hospital in 2018. The hospital management has been supportive and it has been fulfilling for me to pursue my profession in the progressive ambience offered by the hospital. I am glad to be a part of the highly experienced team whose members leave no stone unturned to provide all the necessary measures to diagnose and carry out neurosurgery when needed. The sustained and continuous support from the staff helps us in providing the best healthcare facilities to our patients."

-Dr Gopal Shah, Consulting Neurosurgeon

"By God's grace I had the opportunity to work as a consulting Pathologist in private, voluntary, and government organisations and now in the last and late phase of my life, I got this opportunity to serve in a corporate hospital which is based on the concept of serving the middle class families at extremely affordable rates.

I feel proud to be a part of this trust hospital that has a mission to serve humanity. I make all efforts to run the department in a smooth way and it has been a pleasure to render services in this noble institute. With my experience I strive to serve this institute better and better.

Apart from the routine hospital activities, the management here is very active in organizing health checkup camps for creating awareness in people and entertainment activities like reward ceremony and other celebrations to motivate the staff and bring the interdepartmental staff closer.

I would like to take this opportunity to thank everyone - Dr Adit Desai (MD), Dr Anuja Desai (Academic Director), Dr Parth Desai (COO), Dr Mahendra Desai (Medical Superintendent), and Dr Mehul Shah for their continued support and confidence they placed in me. Dr Adit and Dr Anuja have given me high respect and made me feel elderly for them. I bless them all success.

Lastly, I am thankful and obliged to Dr Ketanbhai Desai who supported me in my working and advised as and when needed. My heartiest thanks to Dr Jitubhai Patel who had put his trust in me and thought me capable of running the department smoothly."

-Dr Vinod Patel, Pathologist

"Having been blessed by both Kusumben & Dhirajlal since my undergraduate days, I consider this a special opportunity to be at service of this hospital from preparatory stages, to inaugural launch & this full one year of operation. This hospital with world class amenities, ultra-sophisticated equipments & instruments, extraordinary support staff, is a unique dream hospital looked forward by both the beneficiaries & providers. My last one year's experience has been as good as in any other International hospital in US or Canada."

-Dr Kalpan J. Desai, Orthopaedic Surgeon

"KD Hospital has great things to offer from great infrastructure to amazing staff. My experience as a doctor was very smooth and I am highly satisfied with the management and the services they provide to our patients."

-Dr Pooja Chahwala, Consulting Psychiatrist

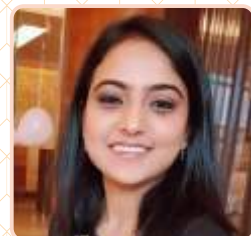

"It's been an overwhelmingly nice experience in KD Hospital in the past one year. I got a good opportunity as a full-time consulting physician. It is a very good hospital in recent era with tremendous facilities and infrastructure. All colleagues and employees are very cooperative. I look forward to more work and support and wish all the best for KD Hospital on successful completion of its first year and for the many more great years ahead."

-Dr Sneha Patel, Consulting Physician

"My experience of working with KD Hospital for 1 year has been excellent. The working environment is very good as we have very cooperative colleagues and staff. The entire system of the hospital is very smooth and I enjoy my duty hours in the hospital."

-Dr Maitreji Raj Patel, Consultant Dermatologist

"I have the privilege and honour to work at KD Hospital in the IVF Department. From day one I joined the department our team got great support of the management to start and stabilise the department. It has been a great experience and words will fall short to describe it. I congratulate Dr Adit Desai and team and wish them the best to achieve more miles ahead."

-Dr Dipesh J. Sorathiya, Infertility Specialist

"I had joined KD Hospital since its inauguration and in this one year the journey as a consultant Neonatal & Paediatric Intensivist is extremely satisfying. The management team of KD is super dynamic and enthusiastic to take care of all aspects to groom us. I am happy to have managed extremely sick neonates and paediatric patients with great results due to excellent staff and infrastructure. With the super excellent cooperation from management team and supporting staff, I was able to conduct a grand state level academic conference at KD Hospital. I am extremely happy to be a part of KD family and want to develop Paediatric department of KD Hospital as a renowned centre of excellence for all kind of Neonatal and Paediatric care nationwide."

-Dr Snehal Patel, Neonatal & Paediatric Intensivist

"Corporate culture with personalized family feeling..... Never felt I have shifted from my 15 years of previous workplace. It was difficult and anxious decision but after one year if I look back it was 'worthwhile'. It is nostalgic feeling to work with Dynamic and Young still MATURE and RESPONSIVE management."

-Dr Jigar Mehta, Critical Care Specialist

"I feel happy and honoured to work at KD Hospital. The infrastructure is very good and the OT is excellent. All the staff is also well-trained and very cordial."

-Dr Ajay Shah, ENT Surgeon

"I have witnessed the wonderful culture of this hospital and cherish all my days here in clinical practice with harmonious and holistic approach towards patient's well being. I feel proud to be part of KD family."

-Dr Esha Patel, Dentist

"Dentistry is all about the Smile...My association with KD Hospital shared a joy of making people Smile and reciprocate the same."

-Dr Bankim J. Mistry, Dentist

"KD Hospital strives to provide the best infrastructure for the doctor to treat and the patient to heal with highly dedicated management team. I am sure the coming years are going to see it reaching new heights in patient care and academics!"

-Dr Ruchir Divatia, Neurologist

"My experience at KD during the 1st year has been a memorable one. The infrastructure and room facilities are very nice. The medical officers and nursing staff are very cooperative. The hospital is patient friendly and very cost effective. It is nice to be in touch with other specialities and superspecialist colleagues. The ICU and ER are also well managed. Thank you KD Hospital for All Care."

-Dr Priyank Shah, Consultant Neurologist

"It has been a great experience with the Pathology lab at KD Hospital. It has one of the best infrastructure, state-of-the-art instruments, and qualified & experienced staff. The environment is homely wherein my work exposure, professional competency, and skills have greatly improved and boosted my self confidence."

-Dr Manoj M. Shah, Pathologist

"My experience at KD hospital has been wonderful. The interaction with medical staff and paramedics has been amicable. I never feel like working in a hospital but rather it feels like working stress free at a luxurious hospitality centre. This feeling is echoed by my patients also. Overall the infrastructure and quality of services makes one feel comfortable and secure in this kind of work environment. I sincerely convey my gratitude towards this organisation."

-Dr Suresh Bhagia, Cardiothoracic & Vascular Surgeon

"KD Hospital is a state-of-the-art, completely patient friendly, quite affordable hospital located strategically. Complete care is given to patients and doctors alike. It is run by professional management having futuristic vision and humble attitude to one and all."

-Dr Rajeev S. Harshe, Pain Management Specialist

"It has been a great journey till date with great working atmosphere that makes you feel at ease while working. The management, staff and doctors are great and very quick in response to make patients and doctors comfortable. They take great initiatives towards society by lots of social programs and outreach camps and most importantly affordable treatment... Kudos to the whole team and hope this all positiveness continues..."

-Dr Krunal Patel, Ophthalmologist

"You want to get up everyday and go to work when you know you work amongst friends. You know you are given the utmost professional freedom, when one is pampered with all fulfilled professional demands and when the whole department becomes like a big family. My little experience with KD has filled me with immense respect for Anuja and Adit. Kudos to them."

-Dr Ruchi Vala, Retina Specialist

"KD Hospital has provided me a fantastic platform & solid support which has allowed me to grow as a clinician & surgeon, while providing quality care to my patients."

-Dr Ankita Jain, Obstetrician & Gynaecologist

"I have started my professional journey with this hospital and am profoundly grateful for the opportunity. I feel honoured to serve this hospital for the past year and can say undoubtedly that this hospital has emerged as a leader in healthcare quality in Gujarat by providing the best possible services to patients and a great platform to doctors. The hospital is well-equipped with most advanced surgical instruments along with operation theatre having well-trained staff and management that motivates us to work in better ways. The hospital has provided healthy working environment to serve my patients in better ways. I congratulate all doctors, nursing staff, and management on completion of one successful year."

-Dr Hardik Yadau, Urologist

"It has been a pleasure to work at KD Hospital. I can see it getting stronger as each day passes by and more grounded in view of patient management. There is a bright future with an enormous success if we keep pursuing with the same strength."

-Dr Pooja Nanda, Emergency Physician

"When I joined KD, it was like venturing into unknown waters! But time has flown by and it has been nothing short of a fulfilling joyride! KD has given me a platform to showcase my skills, nurture my department of Emergency Medicine and most importantly given me wings to soar!! It's been a pleasure working with KD!!"

-Dr Arpit Khambalia, Emergency Physician

"High quality healthcare at affordable cost."

-Dr Kartik Desai, Gastroenterologist

"It is a pleasure working at KD Hospital as the management here is good and ready to help in a welcoming manner when needed. The staff is also good and supportive. Looking forward for continuous support."

-Dr Wasimahmed M. Sachora, Consulting Physician

"KD Hospital is having modern architectural building full of natural light and air and provides 24x365 days all speciality and super-speciality services to all persons with pleasant smiling welcome. As the hospital has all modern equipments and medical gadgets required for Cardiology speciality, it eases my work here. The young and dynamic management under stalwartship of Dr Adit Desai and Dr Anuja Desai add further essence to the future of the hospital and medical services."

-Dr Krunal Tamakuwala, Interventional Cardiologist

"Though it is a relatively new hospital, our association with KD Hospital has been good till date. I found the management to be supportive and the working has been smooth as all our needs are timely addressed. We have operated more than 100 patients in the last 3-4 months and they are also greatly satisfied."

-Dr Manish Khaitan, Bariatric Surgeon

Dear Sir

It was indeed one of the best experiences to be part of such a huge Group KD Hospitals.

Any hospitals back bone is departmental and administrative staff which makes a unique combination to enable the hospital for smooth functioning without compromising on values and Ethical practices. KD hospital is a classic example where we feel while dealing during our business tenure

We wish to be a part of Your esteem organisation for coming decades

Thanks for all the support and concern showed to us when ever needed

To,
Team KD Hospital,
Ahmedabad

Greetings from the Draeger!

It gives me great pleasure to write this letter. You have been a valuable customer of Draeger India Pvt Ltd. You have purchased our critical care and Anaesthesia machines and we value the trust you have put in our products and we would like to thank you for that.

You are one of our privileged customers and we need to honor you for this contribution for buying state of the art Medical Equipments from us.

Our business association with KD Hospital since more than a year and it has been wonderful experience to work with KD Hospital.

It is always pleasure to work with you in all the departments in KD Hospital and look forward to work with you to achieve the new goals in future.

Thank you.

Draeger India Pvt Ltd

"We are very pleased to be associated with KD Hospital and very thankful to you in many terms like:

- 1) We got authentic business opportunity from KD Hospital.
- 2) Support from Owner and Director was tremendous and they were cooperative and down to earth. They have many innovative ideas too.
- 3) Purchase and operations department are very cooperative and supportive from the first day till today.
- 4) Staff work is much appreciated and we will do our very best to continue to meet your needs.
- 5) Punctuality in terms of payments.

Your continued suggestion is a vital part of our growth and for that we are most grateful.

Thanks Again! We look forward to serving you for many years to come."

-Mr Sandip Patel

Devashish Enterprise and Drip n Dry

"Greetings from team Diagast,

As we have completed one successful year of association with KD Hospital, we would like to thank you for the valuable opportunity given to us. We have tried our best to serve you with our application and services support and at the same time we are grateful to receive payment as per the terms.

As we know KD Hospital is in growing phase, we pray for its rapid and stable growth and hope to have a long-term healthy association with you."

-Mr Vipul Patel

National Technical & Operations Head, Diagast

"Greetings From Dynamic Enterprise !!!

As we came to know about completion of 1 year of KD Hospital, we realized that the year has passed so quickly. This proves the saying - "time flies."

We are associated with KD Hospital since the first building block was constructed. The vision of KD Hospital team inspired us to get associated in this amazing journey. It has been a marvellous journey for a company like us; as we have seen growth of KD Hospital and the services they provide. The best thing about this hospital is that they provide state-of-the-art technology and services to their patient. The management and staff are friendly, cooperative, and super active in each and every segment of the hospital; be it purchase, store, or the local hospital staff. They devote their whole strength for patient care and their family. The best thing I liked about them is their nature of keeping Patients first. I thank the Management of KD Hospital for giving us an opportunity to be associated with their hospital and wish them much more success like this in the coming years."

-Mr Rakesh Shah
Dynamic Enterprise

"We are working with various institutions in this sector and working with an esteemed hospital like KD is indeed a wonderful experience. The systematic approach they have in every aspect ensures smooth management. There has never been an instance wherein a follow up from our side was required or there was an urgent need for supply. The staff is extremely friendly and trained in a way that a patient never feels left out. Their personal touch with high-tech system is highly appreciated. KD Hospital is indeed one of our best business partner."

- Mr Pratik Oza, Fabtech Inc

"We feel pleased and proud to share our genuine feedback of personal experience about our association with your institute. Since last 1 year we are regularly supplying our products to your institute, and we appreciate the honesty and integrity of IP Pharmacy department, all Purchase Managers, officers, and co-workers, who are all highly supportive and friendly.

We also appreciate you for timely payment patterns, that's really a great motivation for all vendors, and we are very happy with your institute. We feel proud to serve such institute where entry and exit by all means is very smooth."

"Doing business with KD Hospital, Ahmedabad, was a great experience for us. We have learnt a lot by their professional approach and appreciate their transparency and ease of doing business by following the SOP. We have also observed their motto of "Nothing second best" approach for the patients and hence they have selected the best available equipments for providing treatment.

We at Kensure Healthcare congratulate KD Hospital and entire team for the commendable work they are doing for mankind."

- Mr Kahan Shah, Director (Marketing) Kensure Healthcare Pvt. Ltd.

"I just wanted to share a quick note and let you know that KD Hospital is doing a really good job. We have been connected with the hospital since past one year and working with them has been completely satisfactory and joyous. Their approach towards developing business with us has been exemplary. I always appreciate their great attention and creative approach towards successful development of their hospital. I warmly endorse the role of the Supply Chain and Purchase Department. It has always been a pleasure to deal with and interact with them and they are certainly good at what they do. I wish that the business relationship we have established becomes more stronger in the coming years."

- **Mr Bhaumik Kothari**, Director of Operations, J. K. Distributors

"We are supplying laboratory goods to the hospital and we found that the laboratory staff as well as Purchase department all are very helpful in completing the order. We also appreciate that procurement and payment system is very good. We extend our wishes for the growth of KD Hospital so that it can help cure patients and serve society."

- **Mr Bhavik Zaveri**, Jainam Biomedical

"Congratulation to KD Hospital for the successful 1st anniversary...!!

We are dealing with KD Hospital, Ahmedabad from the beginning and supply products on daily basis. The best thing is the supportive and helping nature of the complete Purchase Team. We are thankful to them for their availability 24x7 and their continuous support during our dealing with the hospital. We appreciate this team and can without any doubt say that this team is the best in Ahmedabad.

We wish that the team continues to perform in the same manner in the upcoming years and assure you that there will be no issues from our side."

-**Mr Yagnesh Shah & Mr Darsh Shah**, Mai Medical Agency

"We are very happy to say that we are very much satisfied with our association with your hospital. We have been getting regular order from your institution (KD Hospital). Our products are being appreciated by your doctors and cordial staff. We assure you to provide good quality products at reasonable price and at regular intervals in future also."

-**MEDIMARK BIOTECH**

"It is indeed an honour to be a part of such an institution holding high values for Human life, where a 'World Class' care is assured at affordable rates. The ethics and professional behaviour which we came across while dealing with the management of KD Hospital was indeed a great learning experience for us as well. As a vendor, we are proud to have association with such a great institute."

-**Mr Parth Pandya**, Area Sales Manager, Midmark (India) Private Limited

"I would like to appreciate your Administration Department & Purchase Department who prefer the good quality materials and give first priority to the services provided. Your supply chain management have the ability to professionally communicate with all types of people via phone, email, face-to-face and video conference. They also have good negotiation skills and maintain clear and consistent communication with suppliers, vendors, and shipping contacts throughout the procurement life cycle. They also know how to proactively engage suppliers in identifying potential issues, resolutions, and opportunities. They have good knowledge of know how to develop communication solutions that create value, decrease problems, and preemptively solve consistent issues. We are very much thankful to you for your support."

-**Ms Priti Chudgar**, Priti Medicare

"KD Hospital has completed a year and we personally wish "Heartiest Congratulations" to Team KD. As far as my experience is concerned, I want to give a 5-star rating for communication skill, understanding, and straight forward approach of the Purchase team. As it delivers advanced therapies, KD Hospital always asks for better and advanced version of medical equipments and devices. The specialist doctor's teams associated with KD Hospital are well known and really have the skills and knowledge to treat currently prevailing diseases. We hope you will definitely achieve more milestones in future."

-Mr Mihir Vyas, Prominent Healthcare

"We have been associated with the hospital since its inception and found the doctors to be very cooperative and the staff to be very helpful. A patient would be in good hands once they are in the hospital. After being associated with them as a vendor we have also learnt new things from the hospital. The hospital is well-maintained with good infrastructure, good hygiene facilities, and updated technology. Looking forward for long term association with the hospital."

-Ms Amla Sachdeva, Ravi Surgical

"Please accept my heartiest congratulations on first anniversary of KD Hospital. We found that you provide a very efficient and caring environment for making people get better at KD HOSPITAL. I am sure that with the wide experience of the medical fraternity at KD Hospital you will provide great services in the coming years so that people/patients can be served in a better way. It's been a pleasure working with you and we look forward to more collaboration with you in the following years to play our part in making people better. We wish you all the best to continue with the same spirit for a Glorious & Bright future."

-Mr Rakesh Pandya, Riders Marketing

"KD Hospital is one the finest hospital ever been in Ahmedabad with all modern amenities and technology. The staff and doctors are too good. Purchase staff is highly qualified and experienced with all products and making a good deal with dealers. Their way of working is highly appreciable. Good going team KD .. !!

Best wishes for the bright future ... !!!"

-Mr Chirayu Davawala, Shivam Ophthal

"It was my great pleasure to work with such a great association. Experience has been great throughout the year. From purchase staff to user everybody had made it lot easier to work with KD Hospital keeping both the hospital and us in a win-win situation. Hope to work with KD Hospital for long time."

-Mr Aakarsh Ajmera, Head [Operations], Shree Mahavir Stationery Mart

"Wishing you and your team mates heartiest congratulations on completing successful one year in hospital industry. We are sure of that you will be celebrating many more such glorious years.

As you complete one year of successful business, offering best healthcare services to thousands of people in India, we rejoice the achievement by declaring you as our best client in the last year. We wish that you celebrate many such years in future and look forward to work with you in the future as well."

-Mr Dharak Shah, Shree Vraj Traders

"Heartiest congratulations!!

Your team has done wonderful work in establishing the state-of-the-art setup and works for providing excellent patient care services, counselling services, and making available all medicines in appropriate quantity at any point of time. These services will definitely result in great patient satisfaction and create a good reputation of the hospital. Keep up this good work."

- Mr Jignesh Modi, Sonecha Medical Agency

"A Great Big Thank You

You brought a very good opportunity for us recently and we are very delighted that you gave us this opportunity. Doing business with you is memorable and we are thrilled to have you as our customers. We are very happy to be associated with you and hope that our association will become stronger."

- Mr Sanjiv Joshi, Sunrise Electronics

"My experience with your hospital for the past one year has been very professional and we have seen your hospital growing vertically. Your staff has been very cordial and efficient all the time. Your laboratory and blood bank have been fully equipped with the latest state-of-the-art equipments and using the best material for achieving great patient results. My best wishes are with your hospital for the coming years."

- Mr Dinesh Lashkari, Trace Biotech

"It gives us immense pleasure to express our opinion for your esteemed hospital as one of the leading hospital in terms of gentle care with responsibility towards patients. Your transparency in business association for the value and services provided and supply of materials is commendable. We wish our best for the bright and prosperous future of your organisation and hope that you achieve new milestones for the welfare of the society."

- Mr Sunil Patel, Ved Medical Services

"It was great pleasure to work with such a great association. From purchase staff to user everybody had made it a lot easier to work with KD Hospital. They have always kept both, their hospital and us, in a win-win situation. Hope to work with KD Hospital for long time."

- Mr Mehul Gandhi, VS Healthcare

"Over the past one year, we have been grateful enough to have the opportunity to work with KD Hospital. It has been a wonderful experience to work with everyone associated with KD Hospital and the support from pharmacy staff has been excellent. We hope that the service and performance of the staff will be amazing in future also and we ensure you that we will provide you with our best services."

PATIENT SPEAKS

Mr Alpesh V. Shah
(Jamnagar)

"We really like all the facilities in this hospital and feel that we are not in a hospital but in a 5-star hotel. The facilities in Bariatric Surgery department are very good and I have never seen facilities like this in any hospital. We would like to thank the team and appreciate their hard work. We wish that everything here maintains its quality like this so that we can come here again. All the best and thanks."

Mrs Pallavi V. Karnik
(Shantipura, Ahmedabad)

"The doctors and staff in the paediatric department have been the "guardian angel" for my son on multiple occasions. We are indebted for the kindness, concern, humanity, and "patient first" attitude shown by them."

Mrs Harita K. Tamakuwala
(Satellite, Ahmedabad)

"I acknowledge the prompt attention and care given by the ICU staff in the critical care department and isolated ward during my treatment for dengue fever. Immediate references were made to concerned departments when needed with quick response."

Mr Anil Vagreacha
(Indore)

"I found the staff of KD Hospital in the general ward and in all other departments to be very caring. All the facilities in the neurosurgery department are very good and patient care is considered to be the utmost priority."

Ms Arunaben N. Doshi
(Shahpur, Ahmedabad)

"The emergency services and staff are really good. The rooms and food are hygienic and well-maintained. The medications and health check ups are also taken timely care."

Mr Barkatali Khatri
(Bharuch)

"I underwent surgery for bilateral hernia at KD Hospital and am highly satisfied with the treatment and facilities provided by the hospital. Though I am a heart patient, the surgery was carried out successfully by the highly skilled and competent surgeons. The environment, staff, and infrastructure facilities in the hospital are very clean, hygienic, and excellent. I recommend this hospital to my relatives and friends also."

Mr Bharat K. Shah
(Vasna)

"We came with multiple health issues and are glad that we got consultation to go ahead with Bariatric surgery. From the very next day of surgery, almost all my tablets for diabetes were stopped and I am feeling fresh and energetic from the third day of the operation. Thanks a lot for providing me a new life with continuous care and support."

Ms Dharmishtha H. Patel
(Science City, Ahmedabad)

"I am heartily thankful for the minimal pain surgery, good service, and support given by the knee replacement surgeons and staff from the admission to discharge. We would opt for KD Hospital again, if need arises, and suggest the same to friends and relatives."

Mr William Smith
(Europe)

"I want to thank everyone here for aiding my recovery with good treatment, excellent medical care, and kind and helpful nature of physicians and support staff in the internal medicine department. Whilst no one wants to be in a hospital, my time here was actually good."

Ms Jasmika Parmar
(Chandkheda)

"I am thankful to the doctors in the Cardiology department for the warmth, care, and concern with which they treated me to good health and wish special blessings from God for them. It is because of them, the nursing staff, and other team members that I am alive today. The knowledge of the doctors and staff along with prompt and correct care, advice, and treatment given here at the time of medical emergency is commendable and award-winning."

Mr Amrutbhai Patel
(Gota, Ahmedabad)

"We found everything in the Paediatric department here to be very good. The staff is very polite and provide very good care. The services are treatment are good. Overall the hospital is very clean and the treatment provided is great."

Ms Sukanya Chakraborty
(Gota, Ahmedabad)

"We are really very happy with all the services, i.e., from doctors to helpers in the Cardiology department. All are very cooperative and always ready to help whenever needed which aided in fast recovery of our father. He is wearing his smile again after suffering from a heart attack and his long ordeal because of the proper medical aid provided under the able supervision here and the highly equipped ICU.

The hospital is sure to be a landmark medicare destination in the western part of our country as it continues to bring more smiles to people like us who visit here."

Ms Kalpanaben Nayi
(Sabarmati, Ahmedabad)

"We are grateful to the staff and doctors in the bariatric surgery department as they explained the process in detail, treated us like family members, and provided all the services under one roof. We wish to get same kind of services here in the future also."

Dr Chintan Sheth & Dr Tejaswini Sheth
(Adani Shantigram, Ahmedabad)

"The care and compassion exhibited by the doctors and staff during the Orthopaedic surgery of our father makes us deeply indebted to them. We are highly grateful for all the help and support."

Mr Nilesh Barot
(Himmatnagar)

"My experience in KD Hospital was awesome, right from the security staff to nurses and doctors. The attendants, housekeeping, and billing staff were all good. We enjoyed a lot and had a lovely time in the urology department here that made us forget our pain."

Mr Krushil P. Kadiya
(Surat)

"I am thankful to the doctors and staff in the ophthalmology department for providing this delightful & absolutely wonderful experience of LASIK surgery. Their amazing contribution & valuable support will stay encrypted as a wonderful memory."

Mr Jaffar Hussain
(Pali, Rajasthan)

"After unsatisfactory treatment at many places, since many years, the orthopaedic treatment here improved the condition of my wife. My family is obligated to the doctors, staff, and infrastructure here for providing the best treatment."

Mr Mudsir Ghada
(Rajkot)

"Our overall experience in the hospital was good and all staff is doing their work honestly. We got the best paediatricians and hard working nurses to take care. The food served in canteen is also very good and hygienic. We wish the best for the hospital and hope it will continue to serve people like us on the same lines."

Mr Mukeshkumar R. Soni
(Sabarkantha)

"The hospitality, timely management of things by staff, and concern shown by the surgeons in gastrosurgery department is laudable. I heartily thank and wish that God's blessings be with them."

Mrs Nayana Patel
(Bodakdev)

"The caregivers in orthopaedic surgery department of KD Hospital are professional, efficient, and courteous. All services were prompt and as per our expectations and comfort, catering to international standards."

Mrs Nidhi S. Patel
(SP Ring Road, Ahmedabad)

"The doctors and standard/support staff in the gynaecology department here are very knowledgeable and humanitarian. I recommend the clean, hygienic, and very good environment, treatment facilities, and services to my family and friends also."

Ms Vaishali S. Dwivedi
(Gota, Ahmedabad)

"Excellent services of the medical and supporting staff and doctors at orthopaedic surgery department were complemented by outstanding diet plan, hygienic facilities, nice and positive behaviour of staff towards my mother. I highly advocate the hospital and its services."

Ms Niyati Patel
(Ranip, Ahmedabad)

"My father got a new life due to the relentless efforts of the staff and doctors at the pulmonology department. Wish you continue to revive hope in families of patients who lose all hope."

Mrs Rekha Jain
(Udaipur)

"We are very thankful to all KD staff including the orthopaedic team, physiotherapist, dietician, and all others who were very supportive and made the marathon task (knee surgery) a pleasant one. All the staff involved directly or indirectly have guided us very well throughout our stay here. Kudos to you all!!"

Mr Rubbeya Abeid
(Kenya)

"My hip replacement surgery here has not only been satisfactory, but praiseworthy due to positive, polite, and timely manner of services. I admire the way in which medical, surgical, and non-medical staff empathise and support the patient."

Mr Mahendra Mardia
(Sirohi, Rajasthan)

"My wife was introduced to bariatric surgery, explained the process, and admitted after complete understanding for the much needed treatment. The support and cooperation of nursing staff, treating doctors, and other attending staff gave her a new life."

Ms Beatrice K. Rwelengera
(Tanzania)

"I received a very warm welcome from the friendly, nice, and caring staff at the Gynaecology department. The ward was very comfortable and clear and the food was delicious. The doctor and her team were excellent and made me feel safe. They performed the procedure very well, without any pain or discomfort. I will be grateful to the hospital forever and will recommend this hospital to others also."

Mr Rajiubhai Makwana
(Shilaj Gam, Ahmedabad)

My wife experienced very good care, treatment, cleanliness, food, medications, staff, services, and did not face any kind of problem in the neurosurgery department. We are proud to have such a hospital in vicinity of our residence.

Mr Badan Singh
(Kalol, Ahmedabad)

"We are thankful to all staff and doctors for the care, help, cooperation, and homely environment they provided to my daughter during her stay in the gynaecology and paediatric department. We wish that the hospital prospers and continues to provide quality services."

Ms Sonal T. Marfatiya
(Paldi)

"The staff and doctors in the Oncosurgery department are very cooperative. All the services and treatment provided here are excellent."

Mr Jasbir Singh
(Vadodara)

"My daughter suffered from very serious complication but due to all the hard work of the doctors, nurses, staff, and other team members at the Paediatric NICU department, she is now normal. We are highly thankful to everyone here."

Mr Suresh G. Barochiya
(SP Ring Road, Ahmedabad)

"Thanks for being my saviour and providing excellent treatment at the cardiology department here. Apart from the excellent hospital management, good behaviour of doctors and nursing staff are its laudable assets."

Mr Trilochan B.
(Bhuj)

"I am glad to reiterate that I was completely satisfied by the response and cooperation received from your nursing staff, doctors, housekeeping staff, and attendants."

Ms Urmila Trivedi
(Adani Shantigram)

"We had a very nice and satisfying experience with KD hospital during the treatment of my mother. The doctors and supporting staff in the internal medicine department is very cooperative and everyone knows their job very perfectly making me feel great to have such hospital staff in Ahmedabad. We will suggest our friends and family to come and get your services whenever needed and seek God's blessings for your caring staff."

Mr D.R. Sehgal
(S.G. Highway, Ahmedabad)

"While I was reluctant to admit my father here initially, the courtesy and nice behaviour of everyone in the internal medicine department changed my perception. Thanks for proving that my decision was wise and providing such a well-equipped multi-speciality hospital in proximity of our residence."

Ms Vidhi Suthar
(New Ranip)

"I really appreciate the support I received from the staff and doctor team during my stay at the hospital. Bingo to the bariatric surgery team and their support staff who let me plan the complete process of pre and post surgery."

OUR STAFF VERBATIM

"I have been working with KD Hospital for more than a year as Nursing Superintendent and feel proud to be one of the preliminary employee of this organization. I am thankful to the management for timely support and cooperation. I got opportunity to work in all departments and a very friendly environment which made my work enjoyable. Above all, I am fully satisfied and feel encouraged to take up new assignments."

- Ms Valand Sharmisthaben, Nursing Superintendent, Nursing

"Being an experienced person, I found the KD Hospital has a really good beginning with young and energetic leadership and management. The new ideas that these people are bringing to this hospital will definitely make the hospital lead in Ahmedabad in near future."

-Mr Dharmanshu Chhaya, Consultant, General Administration

"Initially on joining KD Family, we faced many hurdles as the supply chain department had to be set up from ground level and all staff, management, and atmosphere was new to me. However, with great team, management support, and motivation we gradually overcame all hurdles and completed our targets within timeframe while abiding by the policies. I firmly believe that we will continue to achieve greater heights of success."

-Mr Darshan Gurjar, Head-Supply Chain, General Administration

"Being the Principal of KD Institute of Nursing Sciences, I got immense support from the management, academic director, and everyone else here in setting up the institute. I can rely on the management completely for any type of issue that arises and am confident that my concern would be addressed suitably. The management has also put trust in me and supports me in my daily work. The working environment here is also calm and pleasant and I feel refreshed and ready to meet new challenges and take up new opportunities while working with professionals. I am thankful for all the respect, encouragement, and freedom to express and take my own decisions given to me."

-Ms Sejal J. Chauhan, Principal, Nursing Institute-Administration

"KD Hospital is all about quality of life and we find a happy balance between work and colleagues here. The feeling of security and respect for each other here makes me feel blessed to be a part of it."

-Dr Mahendra B. Desai, Medical Superintendent, Medical Administration

"Coming from a Non-hospital - Non-corporate background, joining KDH was a 360° career shift for me. I had my own apprehensions and it was a huge challenge; but everyone here supported me in every possible way which made my transition an extremely smooth one. I thank the management here for giving me an opportunity and freedom to develop the policies and systems for smooth functioning of the new set up and for entrusting me with this responsibility. The things that I have learnt in this past year have been enriching - personally and professionally. With such proactive leadership heading the organisation, I foresee it to achieve great heights in the coming future and I'm proud to be a part of it."

-Ms Diti Vashi, Head - Accounts and Finance

"I completed six months at KD Hospital and trust me I did not even realise. Yes, time flies. Today when I look back it has been a journey full of challenges & people around to extend all kind of help & cooperation. Never thought that working with young team would be so exciting. We are still in the phase of putting all our efforts, knowledge & experience in building KD Hospital as one of the best hospitals in Gujarat & miles to go before we sleep....."

-Mr Shantanu Ganguly, CMO, Business Development

"I am proud to be a part of KD Hospital family and look forward to many more successful years with KD Hospital! May KD Hospital continue the journey of success with pride!"

-Mr Shirish Contractor, Manager, Information Technology

"When I was recruited here, the hospital was not operational and we had many doubts about when it will start. We were then sent for training and on coming back we were delighted to find that all the processes had started. Due to regular trainings, I learnt a lot about how a hospital is operationalised from ground level and how work is done, especially as a team. Sharmistha ma'am supported us a lot and I like the different activities done here. I learned a lot and enjoyed working here so much that I did not come to know when one year passed by. When I look one year back now, I realise how much things have changed here. The hospital services and staff is very good and I am thankful for this opportunity given to share my experience."

-Ms Priyankaben V. Prajapati, Staff Nurse, Nursing

"It is a privilege for me to be part of this organization. Since my joining here my experience has been very nice as I learnt a lot here. Thanks to the entire management, colleagues, and staff for their support during this journey."

-Mr Jay Kamleshbhai Patel, Assistant General Manager, Business Development

"I have been associated with KD Hospital since its existence and found that KD Hospital provides its valuable services to the community at an affordable cost. I found the staff members and management highly supportive in all aspects and feel like a family here. It has been a great learning tenure for me and am happy with my decision to join KD Hospital. I would like to be associated with it for longer duration."

-Ms Bhumika C. Patel, Lab Technician - Pathology, Blood Bank

"Its been great working with KD Hospital and our team is very good and supportive. My journey with KD has been excellent."

-Mr Utsav M. Vyas, Executive, Information Technology

*"I send anniversary wishes to you, for years of joy and pleasure.
May each year keep getting better, with memories to treasure."*

"From day one to this day, I never realized how time flew by. KD Hospital became better with each passing day and so did I. It feels like a symbiotic relationship. I enjoy my work here with all people who have become like a family to me. I am grateful to entire KD family for their warm and welcoming nature and wish the best for many more successful years of the hospital and everyone associated with it."

-Ms Payal Agarwal, Executive, Human Resource

"I got to learn a lot from the trainings here and my English conversation has improved much. I learnt how the HR processes work and found all the staff and management to be good. The services and guidance given to patients is also appreciable."

-Mr Patel Kalpeshkumar Dineshbhai, Office Assistant, General Administration

"I am associated with this hospital since 1 year and got many good opportunities to sharpen my knowledge and gain experience here."

-Ms Mecwan Angel Shantilal, Staff Nurse, Nursing

10 Things that require zero talent

- | | |
|------------------|-------------------|
| 1= Being on time | 6=Attitude |
| 2= Work ethic | 7=Passion |
| 3=Effort | 8=Being coachable |
| 4=Body language | 9=Doing extra |
| 5=Energy | 10=Being prepared |

"When I joined this hospital, I was zero in terms of experience and now my professional skills in this hospital have changed to these 10 effective words."

-Mr Pradeep Singh Rajput, Staff Nurse, Nursing

"As a biomedical engineer, I learnt many new things here and saw many equipments which I had never seen before. I got not only very good and cooperative staff and colleagues but also learnt from very knowledgeable, experienced, and helpful doctor teams. The different tasks given here and the activities are greatly useful. I am loving the activities and my job profile here."

-Ms Shivangi Kantibhai Sanghavi, Bio-Medical Engineer, Bio-Medical

"I really thank management for time to time support, courage, and opportunities which helped me grow in KD. The hospital's environment has always encouraged me for taking new assignments & helped in achieving new horizons."

-Ms Yadav Jashoda Ramdat, Optometrist, Ophthalmology

"I am very delighted to share my experience here. Life is too short and we expect so much from it. This hospital has given me a platform to perform along with regular trainings. It has been a great learning experience for me as a staff nurse. Also, I got new and very good friends here who help me in every situation. The system here is also very simple, we get solution to any issues we have as soon as possible. Our team and department are the best. Working here is an unforgettable lifetime experience for me."

-Mr Jitendrakumar Meghwal, Staff Nurse, Nursing

"I have learnt many new things during my working in KD Hospital since one year. All staff and superiors have been very supportive. The environment here is friendly for patients as well as staff. I am happy that I joined KD Hospital and happy to still upgrade myself. Thank you from the bottom of my heart to give me this amazing opportunity."

-Ms Priya Tejas Naik, Lab Technician - Pathology, Blood Bank

"My first job in KD has given me a lot of confidence to work as a dietician. I have learnt many new things everyday because of my inspiring and supportive team that have enhanced my knowledge. I also got my guiding star, Sushmita ma'am, here. I hope to keep growing and learning with the organization and fulfilling my responsibilities."

-Ms Dhara Rana, Dietician, Diet & Nutrition

"I feel blessed that I got the opportunity to perform the responsibility of Assistant Manager in IT department of KD Hospital from the project phase. I have given my best to perform my duties and tasks by utilizing my knowledge and experience and learned many things from the job. I will always be thankful to the hospital for giving me this opportunity and counting on me. No undue work pressure is imposed by the management and this makes the organization an ideal place to work. If we set proper process we can achieve more and I know one day our organisation will shine brighter."

"Do not wait until the conditions are perfect to begin. Beginning makes the conditions perfect."

On this blissful and charming day of our corporate anniversary, I wish that the journey of success will continue for many more years to come!

-Mr Nakum Jayraj, Assistant Manager, Information Technology

"As my superiors and all staff are very cooperative, I am happy in KD Hospital and feel proud to be a member of the KD family."

-Ms Ektaben Prajapati, Staff Nurse, Nursing

"KD Hospital's working environment is very positive. I have got very good guidance and support from my seniors and subordinates here. Even higher authorities are always encouraging us to implement new ideas and be innovative."

-Mr Desai Mahendra D., Assistant Manager, Business Development

"This is my first job experience of working in such a big hospital and I feel proud to be a part of KD family. I have learnt a lot professionally and grown personally as well here."

-Ms Bhavika M. Patel, Nursing Assistant - Dental, Nursing

"The way in which the hospital staff and doctors try to satisfy the patients by working in a coordinated way is appreciable. It feels great when the patients appreciate our work and the care they get here."

-Mr Babar Lal Meena, Staff Nurse, Nursing

"During my work tenure in KD Hospital I have seen so many changes happening in the processes and facilities here. I am proud to be a part of an organization that keeps in mind the welfare of all people associated with it. All the staff is very supportive and in our department we get all kind of help to solve any query."

-Ms Monikaben Amrutbhai Patel, Staff Nurse, Nursing

"I found the different trainings provided here to be very useful and learnt a lot about working in a proper way. I am grateful to KD Hospital for this."

-Ms Khristi Hemanginiben, Staff Nurse, Nursing

"I have 5 years of experience as a dialysis technician and here I worked as senior dialysis technician for 1 year. I found the working here different and better as compared to earlier hospitals I worked with. The ICU set-up here is very good with very good dialysis facility. The hospital policies are also employee friendly. My memorable moments here are with my second floor colleagues when my birthday was officially celebrated here."

-Mr Akilahemad Malek, Technician-Dialysis, Medical Administration

"My management, hospitality, and communication skills have improved greatly at KD Hospital. This learning experience makes my work tenure here great."

-Ms Patel Vaishali Mayank, Executive, General Administration

"I am very pleased to share that all staff members at KD Hospital are very supportive and helpful to each other. I also like the working environment here as it has the latest instruments and machines. It is an unforgettable experience to work in such a reputed hospital."

-Ms Daminiben Patel, Staff Nurse, Nursing

"It's been a privilege for me to be a part of this hospital. Working with all our members has been a great experience for me."

-Ms Niyati S. Joshi, Lab Technician, Pathology

"I am very glad to be a part of this organisation where employees are getting adequate opportunities to develop their professional skills. The management is very systematic and supportive and the doctors and superiors are efficient and cooperative. The best thing I like is that patients are getting good quality services at low cost."

-Mr Prasadkumar K N, Chief Technician cum RSO, Radiology

"I am very happy at KD Hospital. The management team here is very supportive and my knowledge has greatly improved here, giving me a satisfactory job experience. My experience here is much better than my experience with other hospitals earlier as I feel mentally much relaxed."

-Mr Maheshkumar K. Patel, Shift Incharge, Nursing

"I found KD Hospital to be a very good place to work as I got many opportunities to learn new things that will be useful in enhancing my experience further."

-Mr Kamlesh K. Parmar, Phlebotomist, Pathology

"A year back, I stepped into KD Hospital, my dream organization as a MRD and Credential Executive and feel proud and satisfied to complete one successful year here. Initially I got many trainings that enabled me to work better. The spot appreciation award I received here, encouraged me to put more efforts in my work. I want to thank all who made this start a happy and successful one and wish to complete many more years here."

-Ms Sharma Ragini Gautam, Executive, MRD & Credential

"Working with KD Hospital is my first experience of working with a multi-speciality hospital and has been a memorable one. I found the hospital to be very well-organized and the staff, right from the doctors to the administration and all other service providers are very cooperative. I am grateful to KD family for this exposure."

-Dr Kinal Sureshbhai Bhanushali, Physiotherapist, Physiotherapy

"During my first visit to KD Hospital for my interview, I found the hospital to be so good that I felt if any time I will be unwell, I will definitely come for treatment here. However, my destiny gave me a chance to work with KD Hospital and provide my services to humanity. I am thankful to KD Hospital for giving me this opportunity to make my little contributions to the society."

-Mr Bhavesh Parmar, Linen Supervisor, General Administration

"Working environment is very nice, staff is very cooperative, management and HOD are also very supportive. I have the freedom to express my thoughts."

-Ms Kinal Sureshbhai Raval, Infection Control Nurse, Nursing

"Being a part of MRD department, I found that patient care is given priority over everything else here. I found this hospital to be much better than other hospitals and am very lucky that I am a part of it. I learnt many things here and am highly grateful to the hospital management and staff."

-Mr Kirankumar, Executive, MRD

"KD has taught me a lot of things which have professionally and personally helped me to improve myself. I am blessed to have my superiors who help me whenever I need. Thank you everyone."

-Mr Tomar Vikramsingh Devendrasingh, Assistant Manager, Food & Beverage

"My journey in this hospital has been beautiful. I have learnt a lot here, especially because of my supercool seniors. Thank you so much for giving me this opportunity."

-Ms Chanda Sushmita Sunilkumar, Sr Dietician, Diet & Nutrition

"Since it is a new organization, I got to learn a lot about how things and processes are managed in a start-up organization. There is growth and great learning related to my work profile here."

-Mr Neve Parag, Executive, General Administration

"Someone has said, 'If you don't like Sunday then change your friends, and if you don't like Monday then change your job.' But I like all days in KD because its the best place to work that makes both Sundays and Mondays wonderful."

-Mr Parmar Jayprakash Jayantibhai, Fire & Safety Officer, General Administration

"I am grateful to KD Hospital for putting trust in my ability. I got the best mentorship and guidance from my HOD and seniors and was thus recognized as the best employee of the month. I am fortunate to have dedicated and trustworthy team members. My career has moved forward wonderfully here as my skills were acknowledged and feel thrilled to share my journey."

-Ms Dave Hemal Dhruukumar, Incharge, Nursing

"I found all the staff and doctors in the hospital to be cooperative and though the hospital is new, all efforts are being made to improve and align all spheres."

-Ms Prasantha R, Sr Staff Nurse, Nursing

"Though this is a new hospital, it is doing good compared to what other hospitals did in initial years. The working environment is good and I can definitely say that the hospital will progress much in future. The staff, incharges, and nursing superintendent are all very good."

-Ms Pavar Snehlata, Incharge, Nursing

"I have been working at KD Hospital since one year and got the best working experience here. I learnt many things through the support and guidance of my superiors and management and got a huge platform for my career growth. I am grateful to my colleagues and seniors, especially my HOD, for his kind support."

-Mr Gandhi Biren, Sr Pharmacist, Supply Chain

"I am very thankful to KD Hospital, my colleagues, and management for their continuous support that made my experience here great. I got the chance to win my first-time ever cricket tournament here and feel honoured to work with such an organization where all staff stays as a family."

-Mr Sonuane Mehul, Executive, General Administration

"My work journey with KD Hospital has been great because of the perfect advice provided by the excellent management here for achieving any type of target. In my wide 20 years of work experience with other organizations, I can without any hesitation rank my experience here as the best one."

-Mr Narsinh Gorkha, Incharge- Supply Chain, Pharmacy

"I have started my career from KD Hospital and my journey here is a memorable one. I have learnt lots of lessons for my life from my work experience here. I wish to see our hospital providing compassionate care and reaching greater heights."

-Ms Namrata Mahajan, Executive (PRO), General Administration

"It has been a great learning experience in KD Hospital. I have improved my skills greatly and learnt how to work in the healthcare sector with the help of cooperative associates and doctors in the KD family. Our HOD is very helping and taught us how to handle aggressive patients and their relatives. I learnt to deal with critical situations because of help from my HCP colleagues and attendant staff. The Sarathi training provided here greatly enhanced my skills. KD Hospital and doctors here have also helped me in my treatment. Being rewarded as the EMPLOYEE OF THE MONTH was a great feeling and so was the birthday celebration by KD family."

-Ms Miral Patel, Executive, General Administration

"I joined KD Hospital in its very early phase and got much exposure and learning about the basics related to setting up of departments and opportunity to use my previous experiences in my profile. I met many ups and downs during my tenure, which groomed me to reach new benchmarks. I treasure the experience of working here till date and wish to grow and achieve excellence with this esteemed organization."

-Mr Kanhaiya Jee Jha, Executive, General Administration

"I was a complete novice to KD Hospital when I joined here. During my one year journey here, I faced many ups and downs and collected many memories. Many times I have got compliments from patients and surgeons for my services as I have always given my 100% to my work here. My colleagues are very good and cooperative and I feel good to be here."

-Ms Namrata Dharmeshkumar Sharma, Staff Nurse, Nursing

"My journey at KD Hospital has been a memorable one. It was a great experience to work with such a supportive and helpful management."

-Mr Nayak Kanaiyalal, Incharge-Supply Chain, Pharmacy

"Very nice work place. I am proud of my decision to join KD Hospital and it is great pleasure to be part of the KD family."

-Mr Yogeshbhai Solanki, OT Technician, Medical Administration

"The work environment at KD Hospital is speechless. My superiors are always supporting & motivating me & my work. I have learnt many things here that will surely make my future brighter."

-Mr Pathan Imrankhan, Incharge-Supply Chain, Purchase

"I feel very enthusiastic and energetic to work here. My skills are being utilized here and I have done rare and unusual cases under Dr Raj Shah. The feeling of self-satisfaction I get after seeing the results of treatments given to patients cannot be explained in words. I am grateful that I got this opportunity to serve humanity here."

-Mr Julius M. Christian, Technician-Lithotripsy, Medical Administration

"I have enjoyed working at KD Hospital during my one year here. I found all staff here to be very supportive and helpful."

-Dr Jigar Jagdishkumar Nayak, Physiotherapist, Physiotherapy

"Working at KD Hospital has been a great experience and an opportunity to grow personally and professionally. I feel proud to be a part of the KD family."

-Ms Jignasha Chetankumar Panchal, Executive, General Administration

"My experience with this hospital is good. Working with KD Hospital is a good learning experience for me."

-Ms Geetaben Parmar, OT Assistant, Medical Administration

"I have work satisfaction and good experience of working in KD Hospital. Salary is always on time and my incharge and nursing superintendent are very supportive. All the staff is excellent and all patients are provided good services. "

-Ms Sukhadiya Jankiben Dhruvinkumar, Staff Nurse, Nursing

"Though I have worked in other hospitals, I found the working environment and all staff members in KD Hospital to be very good comparatively. I like the doctors I work with in ER OT and my superior Sharmishtha ma'am is also good. The difference from other hospitals is that everyone here (even the higher management) interact like family members."

-Ms Raval Bijalben, OT Assistant, Medical Administration

"I am working with KD Hospital since last 1 year and feel happy to share my experience. It has been a very nice experience for me. I got good support from all the staff and HOD while learning new things from different trainings given by the organization."

-Ms Kajal Manojbhai Shah, Medical Transcriptionist, Medical Administration

"I am full of praise for KD Hospital as all staff here is very supporting, especially the incharge sister. I have always felt like a family member here and collected great memories of the beautiful times spent here. I am thankful to the hospital for everything."

-Ms Sweta Prajapati, Staff Nurse, Nursing

"KD Hospital is one of the best corporate hospital to work with across the city as it is equipped with high-end medical facilities and well-trained qualified professionals."

-Ms Shreynasi Navinchandra Rana, Staff Nurse, Nursing

"I have been with this hospital since 5 years when the foundation of this hospital was laid. I don't have exact words to express my feelings for this hospital but I can say they are similar to what one feels for his home which he builds."

-Mr Raghuendra Sharma, Supervisor - Civil, Maintenance

"I am working with KD Hospital from the very initial level of its IT project. I am grateful for this opportunity to work in this multispeciality Hospital. I have learned so many new things from the trainings held in this hospital and got to know about the recent researches. Our department HOD and colleagues are very helpful and the management is also employee friendly. The working environment is also very good and I hope to grow with this hospital."

-Mr Nagar Ketul Nileshbhai, Executive, Information Technology

"I feel lucky to be working in KD Hospital and being a part of the Immigration department, one of the best department of hospital, makes me feel great. Every single day of my life I learn something special here which will be very useful for me in the future. I am heartily thankful to Dr Alka Desai for appointing me in this department. I am full of respect for everyone here and wish great success for KD."

-Mr Nagarbhai, Assistant, General Administration

"I really enjoy working in this hospital. My salary is on time and though I multitask, no undue pressure of work is imposed on me."

-Mr Parmar Kanjibhai, Assistant, General Administration

"I have completed three years with this organization and got to learn a lot of things related to administration and management. I am highly grateful to this organization for providing opportunities to grow while adding on to my experience."

-Mr Jigneshkumar Madhukantbhai Dave, Clerk, Nursing Institute - Administration

"It's my pleasure to work with great mentors and team at KD family. I have completed 2 years of my journey with great learning because of the support of my leaders. I found my superiors to be special in a sense that they are great leaders who work constantly and give their best to make KD empire a better place. They are very helping, generous, and concerned about the welfare of others. I don't have sufficient words to thank them for making my journey here a great learning experience. I am grateful to Dr Mehul Shah Sir, Dr Mahendra Desai Sir, Aditbhai and Anujamam for their continuous support and motivation."

-Mr Punj Surendrakumar Vyas, Manager, BioMedical

"My seniors are very humble and I got a good work culture here. All the staff is very supportive and I got many chances to grow myself here."

-Mr Parth K. Chauhan, Executive, Business Development

"I love working here at KD Hospital as the work culture here is too good. We get support from all departments and the indoor as well as outdoor activities, events, and camps held by the hospital are pretty good."

-Ms Prajapati Bhavika Bhagubhai, Staff Nurse, Nursing

"KD Hospital provided a great start of my career in Ahmedabad. The work environment is informal and nice and I get opportunity to learn here everyday."

-Ms Veena Gondalia, Pharmacist, Pharmacy

"Patient care here is very good and patients are provided PRO, diet according to disease, right advice with timely doctor and nursing care. All the queries of the patients are addressed and all solutions are provided under one roof, at affordable price. Teamwork is great between staff and doctors."

-Mr Pankaj Prajapat, Staff Nurse, Nursing

"KD Hospital is very fast growing hospital in Ahmedabad and has excellent infrastructure. The doctors team and staff in different departments is excellent."

-Mr Laukesh Kaushal, Phlebotomist, Pathology

"KD Hospital is the best multispeciality hospital in Gujarat. Along with good leadership, I found facilities, team work, diagnosis, and treatment available here to be great. As all departments are available under one roof and work as a team to serve people, I feel proud to be a part of the team."

-Ms Patel Ankitaben, Staff Nurse, Nursing

"It has been a great learning experience to work here for one year. The journey from joining till now has been awesome. The management gives due attention to patients and staff. The work environment is totally satisfying and homely."

-Ms Foram Parmar, Staff Nurse, Nursing

"April marks 1 year with KD and what a year it has been! It was never a feeling of working for someone or an organisation that only pays you, but a lot of ownership for each and every thing around. Any employee needs an trustworthy environment and management to work with and that is what I have found here. Reflecting on last year, KD has grown immensely and I am so grateful to be a part of that. I am excited to see what this upcoming year brings!"

#happytoshare#KDians

-Ms Gautami Ramanuj, Executive, Human Resource

"I am thankful to KD Hospital for giving me an opportunity to work with such a reputed organization and feel overwhelmed on completing one year here. I got to learn many things with each passing day and the challenges encountered here took me one step ahead in achieving my objectives in the healthcare industry. The moral support from my superiors and guidance by higher management are the most positive aspects of the organization. I would extend special thanks to Dr Adit Desai Sir who put his trust in me for which I owe my loyalty to the hospital. Apart from this, even my subordinates, colleagues, staff, have played a vital and unforgettable role in my journey here. In nutshell, thanks to everyone and hoping for many more fabulous, more exciting years to come."

-Mr Barot Abhishek, Executive Assistant to MD & COO, General Administration

"I am working with KD Hospital since 1 year and 3 months and learned many things here that have made my journey here awesome. I love the fact that the hospital management gives due attention to patients as well as staff welfare. I feel totally satisfied here and like my second home."

-Ms Padhiyar Khushbu Chhanabhai, Staff Nurse, Nursing

"It's a privilege for me to work in an organisation where we have very young and energetic management personnel with very true vision and mission for healthcare industry. I feel proud to be a member of KD Hospital family and am heartily thankful for this."

-Mr Shah Rajesh Navinchandra, Assistant Manager, Billing

"I enjoy working in KD Hospital and am satisfied here as there is no work stress and salary is also disbursed timely. Policies are employee friendly and organization structure and environment is good due to good management."

-Mr Ashok G. Parmar, Sr CSSD Technician, CSSD

"I like our hospital teamwork and the way in which the cost of treatment is kept reasonable so that even middle class families can afford it. I feel proud to work in KD Hospital."

-Mr Sagarkumar A. Patel, Staff Nurse, Nursing

"It has been great pleasure and a memorable experience for me to work for this esteemed organisation. The guidance and support provided by my seniors here has always been incredible."

-Ms Raxitaben Sandipkumar Patel, OT Assistant, Ophthalmology
